

DESIGNED FOR YEAR 2023 EMISSION STANDARDS AND BEYOND

THE AIR INDEX OF THIS ENGINE IS 3.

0 | 2 | 4 | 6 | 8 | 10

NOTE: THE LOWER THE AIR INDEX, THE LESS POLLUTION. THIS ENGINE IS CERTIFIED TO BE EMISSIONS COMPLIANT FOR THE FOLLOWING USE:

MODERATE EXTENDED
 INTERMEDIATE

Step 1

Add properly-mixed fuel and oil (40:1 ratio)

Step 2

Add bar and chain oil

Step 3

Disengage the chain brake before starting

WARNING: The saw chain will spin after the engine starts. Keep hands and feet clear of the saw chain and do not allow the saw chain to contact any object(s).

IMPORTANT:
Always clean the air filter before each use.

Refer to the operator's manual for complete instructions.
